We have had many families ask how they can use the Gift Cards for Guardians Scrip Program to help reach their fundraising goal. We will highlight different families who make the program work for them....and for the school!

“As a family of six, budgets and planning are important to making our household run smoothly, although the best laid plans can easily fall apart and a budget with growing boys and infants in diapers can easily be blown! Fortunately, we've found a solution that works well for us AND supports our school fundraising effort. By establishing an online account, using PrestoPay and creating a set shopping list for grocery and gas gift cards, I can have our weekly Scrip order run and paid for in less than 5 minutes. Our budget stays intact because we buy only with the gift cards, which reduces impulse spending. But if we do happen to have an unexpected need or event we didn't plan for, the chance to stop by after mass at several different churches makes it easy to pick up cards while earning credit. We're so grateful to be able to fulfill our fundraising goal just by making Scrip part of our household planning!”
